Hi Jane,

Attached is a background paper for Teresa on oil and gas issues in CA. Included are the Class II UIC issue, SB4, and a brief piece on the Monterey Shale. As you suggested, I was also planning to include a copy of your March 9<sup>th</sup> letter to the State. Dave Smith and ORC are drafting a background paper for Gina's visit to Santa Barbara on off-shore fracking and the NPDES general permit. As that will not be ready until Thursday, I was going to send this through today and note that one more issue would come on Thursday. Let me know if you want to add anything.

Thanks,

David
